

# Trash or Treasure?

## Reduce, Reuse, Recycle

The Environmental Services Department helps keep our City clean and safe by collecting and disposing of our garbage and recyclables. Garbage is taken to the landfill, and recyclables go to FCR, the City's recycling center. But some things never have to be thrown away at all -- they can be **reused**, instead!

### The Greensboro Landfill

The next time you start to throw something away, think about how you could reuse it. We'll help you get started! Think of a creative way to reuse each of the items shown on the right side of this page.

What <sup>else</sup> could you <sup>DO</sup> with...

a button?

---

---

clothes you've outgrown?

---

---

shoes that are too small?

---

---

yesterday's newspaper?

---

---

an old necktie?

---

---

The U.S. Army opened the White Street Landfill in 1943.
